## Experience

### Xevora Solutions (Full-time – Full Stack MERN Developer)

**Duration:** (May 2024 – Present)

#### Key Responsibilities:

- Developed end-to-end features for dynamic web applications using the MERN stack.
- Designed responsive UI components and implemented secure RESTful APIs.
- Optimized performance, improved UX, and ensured mobile-first design compatibility.
- Integrated third-party services (e.g., payment gateways, cloud storage, authentication).

### MA Tech Solutions BPO (Intern – MERN Stack Developer)

**Duration:** (Oct 2022 – Dec 2022)

#### Key Responsibilities:

- Assisted in developing and debugging web applications using React.js and Node.js.
- Worked with MongoDB to design schemas and perform CRUD operations.
- Gained hands-on experience with Express.js for server-side logic and API development.
